Currently much talk is taking place concerning the plight of the incarcerated and their transition back into their communities. Churches and non-profit organizations are expressing an interest in wanting to be a part of making this transition smooth and successful. Few churches or families realize the magnitude of the challenges that lie ahead.

Come out and become **EQUIPPED** to meet the challenges that lie ahead once an individual is released from prison. Get the training that identifies your church/organization as a "Station of Hope" authorized by the national office of Healing Communities, U.S.A.

Learn the tools that will prepare you to assist the **RETURNING CITIZEN** as they strive to take advantage of their second chance to become productive citizens.
